

REMARKS

In the response to the Office Action mailed June 12, 2008, claim 12 was amended to better describe the relationship between the wheel sets on the longitudinally spaced axles and the cross connection 18 upon which the central support 24 for supporting the arms 40 is fixed.

The specification has now been amended to recite that the longitudinal runners 15 are not provided within the lateral clearance between the set or sets of wheels 4, as clearly shown in the drawings and as further described in the amended paragraph. Accordingly, no new matter has been introduced by this amendment.

Consideration of the amended application is respectfully requested.

Respectfully submitted,
BACON & THOMAS, PLLC
